

## 1. Introduction

The International Judo Tournament Venray provides for the duration of the tournament digital support to their audience. For this purpose, a (web-)app has been made available: JudoAudienceApp<sup>®</sup>. With this app, participants as well as audience to the International Judo Tournament Venray can keep track of games and tatami's throughout the complete process of the tournament, including poule compositions and progress.

## 2. General

The JudoAudienceApp provides the following functionalities to their participants:

- I. Check if and when weighing procedure is planned and/or completed;
- II. Check approximate timings and locations of games;
- III. Check status and results of games;
- IV. View poule progress and all tournament results.

## 3. The App

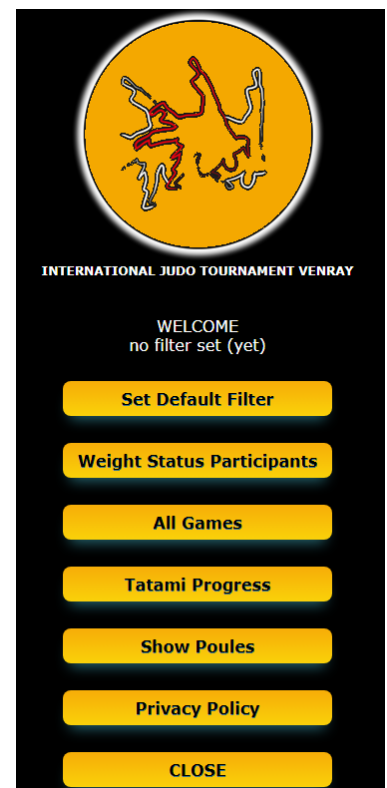

- a. The App is available in the Playstore and/or AppStore.
- b. A web-app version is available at <https://www.judovenray.nl/audience>.
- c. The JudoAudienceApp<sup>®</sup> can be accessed through Your mobile telephone network.

## 4. Access

- a. Start the App or use the web-app at:  
<https://www.judovenray.nl/audience>
- b. The **Main menu** appears:

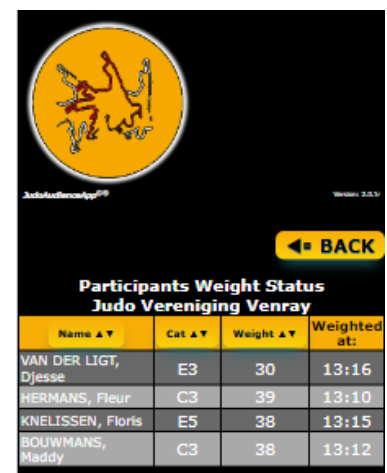

## 5. First Action

- a. Firstly, access the option [Set Default Filter] in order to select Your team or judoka.
- b. Once You selected Your team or judoka, You can continue to use the options of the main menu.
- c.  Note: The app will not show all data if You have not selected a team or judoka!

## 6. Options: [Weight Status Participants]

Shows the status of weighing of the participant. You will see either the time of weighing when weighing has been completed or a red marking if judoka has not been weighed yet.
