

Dear sports friends,

## 1. GENERAL

This document contains information regarding the tournament. Share this information with your coaches, participating judokas and the parents/guardians of those judokas.

Due to COVID restrictions, we have to implement a number of measures that make the tournament different from 'normal'. We ask for your understanding. Do not hesitate to contact [info@judovenray.nl](mailto:info@judovenray.nl) if you still have questions after reading this voluminous document.

## 2. COVID MEASURES

- a. Don't come if you have COVID symptoms!
- b. **EVERYONE** who wants to enter the tournament must at least have an EU/NLD COVID QR-Code or must undergo a [Rapid AG-Test](#) (free of charge) at the venue.
- c. Upon arrival, temperature, valid QR code and proof of identity will be checked.
- d. If a person does not have a valid QR code or if it cannot be checked, the person must undergo a [Rapid AG-Test](#) on the spot. A rapid AG test will be performed with a saliva sample, **not** by taking a swab of the inside of your nose, using a long cotton bud (click the link for explanation). The tests are carried out under the supervision of authorized personnel, who are again under the supervision of a doctor.  
Note: inoculation booklets, vaccination certificates, etc. are not substitutes for EU/NLD COVID QR-Code.
- e. Persons with a temperature higher than 38 degrees Celsius should always undergo a [Rapid AG-Test](#), regardless of whether they have a QR code.
- f. Persons who have tested positive for the [Rapid AG-Test](#) will not be admitted to the venue/tournament.
- g. After the COVID check you can enter the venue.
- h. The tournament is a closed bubble. If you leave the tournament and want to return inside, you must have an admission ticket and always (again) COVID triagecheck takes place.
- i. The bubble has outside spaces, so that you do not have to stay inside all the time and can get some fresh air.
- j. Stick to the basics of COVID measures: wash your hands regularly; do not shake hands; cough in your elbow. There are disinfection points available.
- k. Visitors may take a seat in the stands with valid seat tickets. They are not allowed in the hall at the tatami's.
- l. Coaches with a valid coach card and bracelet are allowed to move freely in the halls at the tatami's. However, they do not have access to the stands.
- m. Judokas are also allowed to move freely in the halls. However, they also do not have access to the stands.
- n. Everyone is free to use the restaurant at the venue without being tested again as everyone is already checked/tested upon arrival.

## 3. TIMETABLE

- a. The weigh in schedules for Saturday the 16<sup>th</sup> and Sunday the 17<sup>th</sup> have been published on our website. We kindly ask you to check the details of your participants carefully. Changes can be done in our registration system until the 8<sup>th</sup> of October 2021 by clubs themselves.
- b. To avoid crowds at the entrance (mainly at the beginning of the day), participants are requested to adhere to the indicated times. Once inside, everyone can stay until the end of the tournament day (this compared to previous restrictions).
- c. Admittance to the tournament/venue will go according to the indicated timings for COVID and weigh in times, however we can imagine that judokas, coaches and other escorts who are travelling together will arrive earlier at the venue than indicated and we will certainly try to admit

them as soon as possible. However, when there is a overflow of crowds we will stick to our planning which means there might be a chance that early comers may have to wait a bit, please keep that in mind.

The COVID check and weighing time schedules are published on our website and are reflected on the weighing cards.

- d. We kindly ask you to be present on the indicated times at Sporthal De Wetteling, Zuidsingel 2, 5801 AH Venray. Late arrival may lead to exclusion from participation in the tournament.

#### 4. COACHCARDS, WEIGHINGCARDS AND SEATINGTICKETS

- a. As coach cards and seating tickets must be issued by name, you can enter those names in our registration system. Login via: <https://judoverray.nl/index.php/nl/login-4> and go to the option [Club Details] in the menu bar. In the submenu you can register your coach cards and seating tickets. Registration is possible until the 11th of October 2021 23:59hrs.
- b. Coach cards (free of charge) and seating tickets for visitors (5 Euro per day) are issued per day in proportion to the number of judokas of your club on that day.  
Unfortunately, due to COVID restrictions were not able to support additional cards.
- c. As soon as your payment is received, we will send you the seating tickets digitally. Print them out and provide them to the people concerned.
- d. The seating tickets are your access authorization; ensure that you can show them together with a proof of identity or judo pass at the entrance of our tournament! Without one of these cards' entry will be denied!
- e. Our information desk is located right after the COVID checkpoint. Once admitted coaches can pick up their coach cards and weighing cards there. For every coach card a wristband is also handed out. Only the combination of unharmed wristband and a visibly worn, marked coach card is valid for admittance into the competition hall.
- f. Weighing cards have a different color per weighing group (and therefore weighing time). When there is a lot of congestion at the entrance, the color in question (category that needs to weigh in according to schedule) is given priority.
- g. In principle, no seat tickets will be sold at the tournament.

#### 5. PAYMENT

As stated in previous communications, payments must be made to our bank account before the 8<sup>th</sup> of October: NL51RABO0132426447 BIC: RABONL2U with reference to: IJTV and your tournament club number.

#### 6. WEIGHING

- a. The club itself can enter changes to the judoka details online until the 8<sup>th</sup> of October 2021.
- b. After the 8<sup>th</sup> of October, it's only possible to change at the tournament during the weighing if the progress of the tournament allows it and against a cash payment of € 3.00 administration fee.
- c. New entrants can no longer be registered during the tournament.
- d. At the weighing, each judoka receives a participant card with a sticker stating the details of the weighing. This sticker, pasted on the participant card is proof that the judoka has been weighed and that he can participate in the tournament in his weight and age class.
- e. The participant card shows the provisional starting time and the tatami where he / she must be.  
**Without this participant card/sticker, the judoka cannot participate in the tournament.**
- f. During the weighing on Saturday, a tolerance of 200 grams is maintained with the judo pants on. On Sundays, the tolerance is 100 grams with or without judo pants.
- g. Wearing a white judogi is mandatory. Using a blue judogi is an option.

## 7. COMPETITION SCHEDULE

The starting times indicated on the program are indicative. Depending on the progress on the tatami's, matches can start later but, there is also the possibility that competitions started earlier. (although never before the end of the weighing time per category)

**Judokas and their coaches must therefore be present at the tournament location in time according to schedule.**

The information screens, CoachApp and the web environment indicate the final times.

## 8. YOUTH REGULATIONS UNDER 10 YEARS

### Start of the competition

The judokas always (re)start from fixed kumi-kata (kenka/ai yotsu)

## 9. YOUTH REGULATIONS UNDER 12 YEARS

### a. Additional weight category

According to the regulations of the Dutch Judo Federation, in certain cases we are forced to form an additional weight category. Young judokas (up to 12 years old) may not be heavier in the plus weights (for the girls +40 and +48 kg, for the boys +42 and +50 kg) than 120% of the plus weight of that category (so no heavier than 48 kg and 58 kg for the girls and 51 kg and 60 kg for the boys respectively). When exceeding 120%, a new weight category will have to be formed; however, often the judoka concerned will then be the only one in that category and participation can only take place in the next higher age category.

### b. Prohibited techniques

Also by regulations of the Dutch Judo Federation, the following techniques and variations for young judokas (up to 12 years old) are prohibited and are punished with Shido

- All Sutemi-Waza techniques.
- All throws directly on one or two knees.
- Shime-Waza techniques.
- Kansetsu-Waza techniques.
- Sankaku-Waza techniques.
- In Tachi-Waza directly grabbing around the head. The head, neck and shoulder should remain free (see below photos for clarification). If this situation arises in the action, shido also follows.
- In Ne-Waza grabbing around the head without including an arm.
- In Tachi-Waza all gaskets under the belt.
- Kata-sankaku grip and all similar grips where tension could arise on the neck and / or back vertebra.

c. **Determination of the winner**

In the event of a tie in scores, the winner is determined as follows: the judoka with the fewest penalties wins. In case of the same number of penalties, the winner will be determined by means of hantei. In hantei, we look respectively at who has shown the most kinsas, seizures, activity or positive judo.

d. **Injury**

All cases of injuries and minor medical discomforts may be treated.

e. **Safety**

In all cases not provided for in the regulations, but where the referee considers that safety is at stake, the referee can immediately interrupt the match. The referee may take measures that he deems necessary and hand out a punishing action with the intention of the act in mind.

## 10. REGULATIONS UNDER 15 YEARS

The IJF Regulations form the basis for the Dutch rules for young people up to the age of 15. In addition, the following actions are not allowed:

- Kansetsu-Waza techniques.
- Kata-sankaku grip and all similar grips where tension could arise on the neck and / or back vertebra.
- When a judoka has lost consciousness as a result of a strangulation, exclusion for the rest of the tournament automatically follows.

11. Judokas with long hair, should ensure that the neck is free. This means that a 'loose' ponytail is no longer allowed. What is allowed, for example, is braided hair, or a ponytail, where multiple elastics are used. See photo for clarification.

## 12. NEGATIVE COACH BEHAVIOR

Following the rules of the IJF, coaching is only allowed during Matte. In addition, negative behavior of the coach towards the arbitration will not be tolerated. This means that care will be taken to ensure that the coach only interferes in coaching his own judoka. All negative acts and behaviors regarding the arbitration will immediately have the effect that the coach will not be allowed to coach the judoka any further alongside the tatami. Negative acts include:

- a. Offensive behavior;
- b. Trying to influence the referee;
- c. Expressing referee terms and/or gestures;
- d. Challenging referee decisions;
- e. Negative statements against referees, participants and/or organizing party/volunteers
