## 7. YOUTH REGULATIONS UNDER 10 YEARS

### Start of the competition

The judokas always (re)start from fixed kumi-kata (kenka/ai yotsu)

## 8. YOUTH REGULATIONS UNDER 12 YEARS

### a. Additional weight category

According to the regulations of the Dutch Judo Federation, in certain cases we are forced to form an additional weight category. Young judokas (up to 12 years old) may not be heavier in the plus weights (for the girls +40 and +48 kg, for the boys +42 and +50 kg) than 120% of the plus weight of that category (so no heavier than 48 kg and 58 kg for the girls and 51 kg and 60 kg for the boys respectively). When exceeding 120%, a new weight category will have to be formed; however, often the judoka concerned will then be the only one in that category and participation can only take place in the next higher age category.

### b. Prohibited techniques

Also by regulations of the Dutch Judo Federation, the following techniques and variations for young judokas (up to 12 years old) are prohibited and are punished with Shido

- i. All Sutemi-Waza techniques.
- ii. All throws directly on one or two knees.
- iii. Shime-Waza techniques.
- iv. Kansetsu-Waza techniques.
- v. Sankaku-Waza techniques.
- vi. In Tachi-Waza directly grabbing around the head. The head, neck and shoulder should remain free (see below photos for clarification). If this situation arises in the action, shido also follows.
- vii. In Ne-Waza grabbing around the head without including an arm.
- viii. In Tachi-Waza all gaskets under the belt.
- ix. Kata-sankaku grip and all similar grips where tension could arise on the neck and / or back vertebra.

c. **Determination of the winner**

In the event of a tie in scores, the winner is determined as follows: the judoka with the fewest penalties wins. In case of the same number of penalties, the winner will be determined by means of hantei. In hantei, we look respectively at who has shown the most kinsas, seizures, activity or positive judo.

d. **Injury**

All cases of injuries and minor medical discomforts may be treated.

e. **Safety**

In all cases not provided for in the regulations, but where the referee considers that safety is at stake, the referee can immediately interrupt the match. The referee may take measures that he deems necessary and hand out a punishing action with the intention of the act in mind.

**9. REGULATIONS UNDER 15 YEARS**

The IJF Regulations form the basis for the Dutch rules for young people up to the age of 15. In addition, the following actions are not allowed:

- a. Kansetsu-Waza techniques.
- b. Kata-sankaku grip and all similar grips where tension could arise on the neck and / or back vertebra.
- c. When a judoka has lost consciousness as a result of a strangulation, exclusion for the rest of the tournament automatically follows.

- 10.** Judokas with long hair, should ensure that the neck is free. This means that a 'loose' ponytail is no longer allowed. What is allowed, for example, is braided hair, or a ponytail, where multiple elastics are used. See photo for clarification.

**11. NEGATIVE COACH BEHAVIOR**

Following the rules of the IJF, coaching is only allowed during Matte. In addition, negative behavior of the coach towards the arbitration will not be tolerated. This means that care will be taken to ensure that the coach only interferes in coaching his own judoka. All negative acts and behaviors regarding the arbitration will immediately have the effect that the coach will not be allowed to coach the judoka any further alongside the tatami. Negative acts include:

- a. Offensive behavior;
- b. Trying to influence the referee;
- c. Expressing referee terms and/or gestures;
- d. Challenging referee decisions;
- e. Negative statements against referees, participants and/or organizing party/volunteers
